## Dear Brantford and Brant County Residents

United Way's Mission "to improve people's lives by mobilizing the caring power of the community" relies on the kind of voluntary spirit for which our city is known. It is based on the belief that all members of a community have the capacity to care, to contribute, and to make a difference.

Paul Kneale  
Campaign Chair

## So Why Should I give to United Way?

- First** - give because you care and you want to do something for your community and for those less fortunate than yourself
- Second** - give because you're confident that United Way is the best way to keep these vital services in your community
- Third** - give because all dollars raised in Brantford and Brant County support programs within your community

Please take a moment to think about the impact that United Way has on the lives of people all around you, and how important your contribution really is.

It only takes a minute, but that one minute can change the lives of many people.

Chair, Personal Gifts
